

Breakfast Seminar – WCC – 17.05.18

IPSA KZN hosted yet another Breakfast Seminar on the 17 May 2018 at the Westville Country Club.

The topic was Waste Management in the Industry and tickets were sold out within a couple of weeks.

Kishan Singh (CEO of MetPac-SA) captivated his audience with his presentation on the global packaging trends as well as how the industry has also made significant progress to reduce its environmental footprint by light-weighting its products. He also discussed how the local statutory requirement of the Department of Environmental acts pertaining to NEWMA Section 28 relate to extending the Producer Responsibility.

Kishan explained the Packaging Industry's response in terms of defining clear Industry Waste Management Plans that demonstrate to drive for a Circular Regenerative Economy.

The morning ended off with a hearty breakfast and networking amongst packaging professionals.
